CONGRATULATIONS ....

Scott Daniels '93 was awarded the Annual Leadership Award from Pinellas Trails for his 18 years of leadership and contribution to the "rails to trails" project. He has been asked to speak to trail organizers around the country and Pinellas Trail is now recognized as one of the nation's most popular trails. In addition to walking, jogging, skating and riding bicycles, it is now being used as a convenient route to work. Those who use the trail instead of their cars reduce the environmental impact of the rush hour, as well as reducing stress.

The 2006 Class and their Homeless Emergency Project. This was a total group effort and an example of what can be accomplished when busy folks make time for a community project. Their written proposal was recognized by the Community Foundation of Tampa Bay, who awarded them a $5,000 grant. They plan to use these funds to promote their B.I.N. (Bring In Necessities) houses in local office buildings and businesses to make HEP even more effective in their outreach to homeless in our area.
